BTC. Where we know
you by name, and help
is always available.

The opportunities for RNs are almost limitless. You could opt for the fast-paced environment of the ER, the residential atmosphere of a long term care facility, or anything from clinics to hospitals to home health. There are not enough trained RNs to fill all of the open jobs, so nurses are in a great position.

No LPN required!

Starts every fall

2019 RN graduates

BTC Graduates have a great reputation among local healthcare facilities, which is why nearly every one of our graduates is able to secure a job right out of college.

“The BTC Graduates I have interacted with and ultimately hired are very knowledgeable, well rounded and have adjusted to our clinic much better than other candidates.”

-Sarah Matlock, RN and Clinic Manager at
Bolivar Family Care Center
