This Electronic Signature Disclosure and Consent (“Consent”) sets forth the terms and conditions governing my consent to sign documents electronically through, and my use of, the Bolivar Technical College (BTC) Electronic Signature System (System).

I may decline to electronically sign any document by clicking “Decline” instead of signing. I acknowledge that declining may slow the speed at which BTC can complete transactions with me and potentially delay the delivery of services to me.

Effect of My Consent

By agreeing to this Consent, I, _____, understand that (i) electronically signing and submitting any document(s) to BTC legally binds me in the same manner as if I had signed in a non-electronic form, and (ii) the electronically stored copy of my signature, any written instruction or authorization and any other document provided to me by BTC, is considered to be the true, accurate and complete record, legally enforceable in any proceeding to the same extent as if such documents were originally generated and maintained in printed form. I agree not to contest the admissibility or enforceability of BTC’s electronically stored copy of this Consent and any other documents. By using the System to electronically sign and submit any document, I agree to the terms and conditions of this Consent.
